### School-Based Immunization Clinic - Parkview Public School

Date and Time: Friday, November 1 8:00 am - 3:00 pm

Address: Parkview Public School, 133 Adelaide St N, Lindsay ON K9V4M2

Every fall and spring, the HKPR District Health Unit staff visit elementary schools to immunize Grade 7 students. At these clinics, students are offered the following vaccines:

#### **Meningococcal (meningitis)**

- Vaccine: Nimenrix® or Menactra®
- Doses: One
- **Required for school.**

#### **Hepatitis B**

- Vaccine: Recombivax® HB or Engerix-B®
- Doses: Two (if second dose is not given before the child is 16 years of age, a third dose is needed).
- Recommended, but not required for school.

#### **Human Papillomavirus (HPV)**

- Vaccine: Gardasil® 9
- Doses: Two (if first dose is not given before the child is 15 years of age, then three doses are needed).
- Recommended, but not required for school.

[Consent forms](#) and [information packages](#) are sent home with students in early September. The Health Unit will only immunize students whose parent or caregiver has completed the consent form and signed “YES”.

#### **Tips for clinic day**

- eat a good breakfast.
- bring a lunch.
- wear a short-sleeved shirt.
- bring a distraction: music, a book or a game.
- know that the needle may feel like a pinch in the upper arm and should only last for a few seconds.

If you have any questions about the school immunization program, please call us at 1-866-888-4577 ext 1507.
